

# Find the point!

1. Your team is to look at on OS map of your school and write down co-ordinates (6 figure reference below) in the **black box**
2. Now go and place a wipeboard with instructions at each point
3. Give another team this sheet of co-ordinates - they are to find the points, your complete each activity and write it down in the **pink box**.

**Make it harder:** You could leave a letter at each point. They then are to work out what the word is.

	6 Figure reference:	Activity completed:
Checkpoint 1	<input type="text"/>	<input type="text"/>
Checkpoint 2	<input type="text"/>	<input type="text"/>
Checkpoint 3	<input type="text"/>	<input type="text"/>
Checkpoint 4	<input type="text"/>	<input type="text"/>
Checkpoint 5	<input type="text"/>	<input type="text"/>
Checkpoint 6	<input type="text"/>	<input type="text"/>
